## 20" & 22" TX SQUARE ROLLED END (-41 & -42) VS. HAND FORMED (-97 & -98)

Valley Chrome recently made stamping dies for 20" (-41) and 22" (-42) square rolled end style bumpers, which were previously hand-fabricated. When you order -41 and -42 styles, the shapes now more closely match our 18" rolled end (-06). To order the hand-formed look for 20" and 22" wide bumpers, use style codes -97 & -98, respectively. Note any potential cost differences between these styles in your price sheets. Please inform any potentially affected customers of this change.

-41 & -42 end style  
(stamped)

-97 & -98 end style  
(hand-formed)
